ed robbers held up the west bound
Burlington passenger train five miles
west of this city early this morning,
and, after dynamiting the express
car, and rifling its contents escaped on
horseback.

Train Was Flagged
The robbers flagged the train and
soon brought it to a standstill. They
then forced the engineer and fire-
man to accompany them to the ex-
press car where the messenger was
quickly overcome and the safe dynam-
ited and rifled.

Posse Starts Out
A posse was quickly formed in
Lincoln and the pursuit of the rob-
bers began at once. They had a
two-hour start but it is thought that
the robbers will be overhauled before
night.

MEAT IS SCARCE IN AUSTRIA

Famine Threatens Owing to Falling
Off in Cattle Imports.

Vienna, Oct. 11.—Austria is threat-
ened with a meat famine, similar to
that from which Germany is suffering,
owing to the decrease in the number
of live cattle arriving from abroad
and the continued stagnation in Amer-
ican imports, particularly pork and
lard. Hungarian consignments have
fallen off owing to the failure of last
year's maize crop. A unique feature
of the situation is that the impending
heavy advance of prices will fall most
severely on the upper and middle
classes inasmuch as the shortage is
wholly in the supply of the higher
grades of meat.

TROOPS SUBDUED THE SOCIALISTS

martial law. The socialist center has
been closed by the military authori-
ties.

HUGE GROCERY TRUST ON FOOT

St. Louis Has a Plan for a Giant
Concern to Invade Every
State in Union.

(Special By Scripps-McLae.)
St. Louis, Mo., Oct. 11.—The Inter-
state Grocer of St. Louis will today
say that a combine to include every
wholesaler of groceries in the United
States is in course of formation. That
paper will say:

Details Made
"The details of the great plan are
not yet public property. They will
not be until Nov. 5, next, when the
initial steps toward the forma-
tion will be taken in Detroit. George
D. Hanford of New York City is en-
gineering the deal. In a few days
the entire wholesale grocery trade of
the United States will receive invita-
tions to this meeting. Already a
large number of the leading whole-
sale grocers in the east have been
personally seen by Mr. Hanford or his
representatives, and nearly all of
them have expressed a willingness to
be present.

Plan Outlined
"An outline of the plan is as fol-
lows: It is proposed to take over
the businesses of the entire line of
wholesale grocers in the United
States. One great corporation will
be formed, which will buy outright
the business and good will of all of
the firms. A central office for the ac-
commodation of the officers of the
company will be maintained, probab-
ly in New York.

A Central Office
"This central office will, on all the
leading grocery products, do the buy-
ing for all of the houses in the cor-
poration. It is not proposed that
the company will go into the manu-
facturing of grocery products, but
rather that the business between the
large manufacturers and the company
will be through one general office.

DUPES ANN ARBOR'S PRESIDENT

Denver Woman Secures Duplicate
Medical Diploma From Mr. Angell.

Ann Arbor, Mich., Oct. 11.—When
President James B. Angell submitted
his report to the regents the scandal-
ous securing of a diploma last year
by Emma Moore of Denver, Colo., was
brought to light. Miss Moore came
to Ann Arbor and assumed a name of
one of Michigan's medical graduates,
said her diploma had been destroyed
and secured a duplicate. President
Angell said that she had earned an
undesirable reputation in Denver, and
that henceforth graduates wishing
diplomas would have to make sworn
statements to the effect that they
were destroyed and then the new
diploma would be marked, in red ink,
"duplicate."

IT IS UP TO CHIEF CLERK ROGERS NOW TO EXPLAIN THE BOOK SCANDAL

The Governor's Explanation Leaves Buckstaff and
Stout in a Peculiar Position—Lays Responsi-
bility Onto Someone Else's Shoulders—
Coup Was a Well Planned Affair.

Governor LaFollette at Lancaster yesterday, in answer to a request
from a gentleman in the audience, doubtless a part of the program—
made the following statement as to his knowledge and relation to the Har-
vey scandal. He said:

"It has never been my practice to make answer to personal attacks.
No man who assails corruption in the public service need hope to escape
calumny and falsehood.

"Whatever temporary harm personal misrepresentation may occa-
sion, in the end it most injures those who engage in it. The people are
just and will always judge righteously of public men, as they will of pub-
lic questions if given time enough to get at the truth. But in the brief
weeks of this political campaign some men may be misled for the time be-
ing because of the use now being made of the statement published by
Messrs. Buckstaff and Stout.

"It would answer the purpose of those who prefer to be silent on rail-
road taxation to confine public attention for the next four weeks to the
independent book companies or any other subject if this can possibly be
done, but it will not be permitted by the people of Wisconsin. Most of
the voters in this state will understand the motives of the opponents of
equal taxation and direct nomination in trying to make a campaign of per-
sonal abuse displace discussion of these issues.

"There are some who wish to make issues of anything that can be laid
hold of. There are some who would like to conduct his campaign chief-
ly upon the statement that Theodore Kronshage of Milwaukee contribut-
ed money to aid in paying the expenses of the pre-convention campaign.

EXPENSES OF PRE-CONVENTION CAMPAIGN
"This pre-convention campaign of the Republican party required the
printing and mailing of considerable portions of the proceedings of the
last legislature and other matters pertaining to the record of public offi-
cials and the party organization in order to get the facts before the peo-
ple relating to the repudiation of the pledges in the platform and to their
re-adoption in state convention.

"The printing and mailing of these records and documents entailed
large expense. This expense was not only legitimate, but it was incur-
red in a cause worthy of the support of any right-minded man. This out-
lay was met by collection of such sums as different friends of the cause
in different localities were able to make in carrying out this party cam-
paign.

"I did not conduct that campaign, nor was I informed as to its de-
tails. I had neither the time nor the health, had my public duties admit-
ted it, to undertake the work and strain incident thereto. During the
spring and summer I spent as much of the time as possible in the
country and yet met the demands of the office, in order to regain my
health and prepare myself for the great contest of the fall. In view of
the false charges made, it is right these facts should be stated in this con-
nection.

NO KNOWLEDGE OF CONTRIBUTION
"I had absolutely no knowledge or information, either directly or in-
directly, that Mr. Kronshage, or any other man proposed to contribute, or
had contributed, for campaign expenses any money received from an in-
dependent book company, or from any co-partnership or corporation,
either directly or through any individual acting for them or either of
them.

"From an investigation I made after the charges were brought to my
attention I state emphatically that not one dollar of the money received
from any source whatever, by any one connected with the conduct of
the campaign at Madison, was received upon any condition that any in-
dividual should be nominated or defeated upon the state ticket or that
any official should either then or thereafter show any favor or considera-
tion to the contributor or any one else for the contributor. No such
proposition was ever made by anyone or hinted at in any manner. Had
any such contribution ever been offered from any source whatever it
would have been promptly refused by those who were conducting the cam-
paign."

THE SITUATION AS IT STANDS
How like a dream the book scandal fades away in the bright light
of publicity. Stout and Buckstaff now feel like 15 cents apiece, or two
for a quarter. Kronshage has the long end. Rogers holds the pot and
the Governor stands pat.
There is nothing like a candid explanation.

PARIS STRIKERS TO MAKE DEMANDS

to Take Action in the Coal
Strike.

coal regions today. The miners are
talking of marching in a body to
Paris and forcing the government to
take some action in their favor.

BRICKS MAKE GOOD FUEL SUBSTITUTE

Philadelphia Woman Soaks Them in
Coal Oil, and They Furnish
Much Heat.

(Special By Scripps-McLae.)
Philadelphia, Oct. 11.—Bricks bid
fair to rival coal as a fuel in this city.
Thousands of persons already are
burning bricks soaked in coal oil, and
nearly every brickyard in the city re-
ports a run. At one brickyard in
the northern part of the city it was
reported that several wagon loads
of bricks had been sold in lots of
eight to twenty to each person.

A Woman's Idea
This innovation, which may in a
large measure relieve the coal fam-
ine in this city, is the result of the
invention of a woman. She told an
oil wagon man how to burn bricks,
and he told his customers. Experi-
ments have proved the value of her
discovery.

Soak The Bricks
One large porous brick soaked all
night in coal oil, will burn brilliant-
ly for over two hours, and if placed
in the fire pot of a kitchen range will
furnish sufficient heat, to cook a meal.
Three or four bricks placed in a
heater will warm a house for nearly
three hours. The bricks can be
used as often as desired. Persons
who have made the experiment are
delighted, and many of them say that
they shall continue to burn oil in this
way in their cooking ranges, even af-
ter the coal strike is ended.

Serves Well
Each brick has attached to it a
piece of wire with a loop so that it
can be easily lifted out of the
stove. A very porous soft brick
will hold almost a quart of oil if al-
lowed to soak all night. One brick-
yard here is making a special porous
brick for this purpose.

cents more a ton.

NEGRESS REACHES PATRIARCHAL AGE

Mrs. Ellen Stewart Passes Away After
Having Lived to See
132 Years.

Chicago, Oct. 11.—After a lifetime
whose beginning antedated the war of
the revolution Mrs. Ellen Stewart, said
to have been the oldest woman in Illi-
nois, if not in the United States, lies
dead at the Home for the Aged and In-
firm Colored People at the alleged age
of 132 years. The woman whose years
placed her in the class of the Biblical
patriarchs was born a slave and at the
issuance of the emancipation proclama-
tion had outlived the allotted age of
man. Although her age is placed at
132 years, it is thought that it per-
haps exceeded that number, as her
birth was so shrouded in time that her
years were determined only by an ar-
rithmetical calculation.

According to the stories told at the
institution Mrs. Stewart was born in
Virginia, and judging from her recol-
lection of events she was a young
woman at the dawn of the nineteenth
century. Her first husband, a man
named Smith, and their only child
were sold in the slave market and she
never saw them again. When the war
of the rebellion broke out Mrs. Stew-
art was permitted to join her son in
Chicago. This son, Isiah, was, it is
said, the first colored freeman in Chi-
cago. The woman retained complete
control of her senses and mind up to
the time of her death and related
many stories of men distinguished in
the earlier days of Virginia and Ken-
tucky.

CITY TAKEN BY GIDEON HOSTS

ARMY OF CHRISTIAN TRAVEL-
ING SALESMEN HERE.

MEET IN ANNUAL SESSION

Executive Committees Met This Af-
ternoon — Interesting Meetings
This Evening and Tomorrow.

Janesville was invaded this after-
noon by an army of warriors in the
cause of righteousness, and the city
is entertaining many veterans of the
rank and file of Christian traveling
salesmen who are daily doing mission-
ary work on the trains and in the
stores as they go about their business.

The occasion for the gathering to-
gether of this Christian soldiery is
the third annual meeting of the Janes-
ville Camp of Gideons, No. 2, which
is in session today and tomorrow.
Unusual interest always centers in
the meeting of the camp for Janes-
ville is honored by the Gideons of the
United States as the birthplace of this
unique organization of knights of
the grip.

A Small Beginning
The order, which in three years has
spread to every state in the union
and even to Canada, had a modest
beginning. Only three men were pre-
sent at the time of its organization,
they being J. H. Nicholson of this
city, who has served as national sec-
retary ever since; W. J. Knights, of
Wild Rose, until recently a resident
of this city, who has served continu-
ously as national treasurer; and S.
E. Hill of Beloit, who was national
president until the last annual con-
vention.

Leaders are Here
Frank A. Garlick, of Chicago, the
national president of the order, is
in the city and many other prominent
Gideons from other places are here
to attend the executive committee
meetings and to lend inspiration to
the public sessions with which the
local camp is to celebrate its anni-
versary. The national executive com-
mittee met this afternoon at 2:30
o'clock in the parlors of the Congrega-
tional church and the state execu-
tive committee met at 4:30 o'clock
in the same place. Considerable rou-
tine business was transacted.

Banquet Tonight
The only feature of the anniversary
meetings which the Gideons will not
share with the public is the banquet.
This will be served in the parlors of
the Presbyterian church at 5:30
o'clock this evening and is for the
Gideons and their wives. Music will
be furnished by a mandolin orchestra
and Robert Clark, of Indianapolis, will
preside during the post prandial.

Camp Fire Sparks
The Gideon camp fire will be held
at the Baptist church this evening
at 7:30 o'clock and a splendid pro-
gram has been arranged. L. K.
Crissey, president of the local camp
will preside. Rev. J. T. Henderson
will make the opening prayer and
Judge B. F. Dunwiddie will give the
words of welcome. The response
will be given by W. A. Shaw, of Lake
Mills. There will be short talks by
prominent Gideons, and a question
box conducted by L. Williams of Chi-
cago. The musical program will in-
clude a song service, with C. C. Cam-
pbell of Darlington, as leader, a violin
solo by Oscar Halverson and a sec-
tion by the orchestra.

Sunday's Program
Tomorrow's service will begin with
a preparatory service for the Gideons
at 8:30 o'clock in the morning at the
First M. E. church, with L. Williams
of Chicago, as leader.

In Local Pulpits
At the 10:30 o'clock services, five
of the local pulpits will be turned
over to the Gideons. Those who
will have charge of the services in
the different churches are as follows:
Congregational, Frank A. Garlick,
Chicago; Baptist, L. Williams, Chi-
cago; Court Street, M. E. Church, W.
A. Shaw, Lake Mills; First M. E.
church, R. L. Adams, Madison; Pres-
byterian, Charles H. Palmer, Chi-
cago. Each gentleman will select three
Gideons to assist with the service.
The leaders are all able speakers,
the best talent in the order having
been chosen.

Women's and Men's Meetings
In the afternoon at 3 o'clock, a
women's mass meeting, led by Mrs.
L. Williams, of Chicago, will be held
at the Court Street M. E. church, and
at the same hour a men's meeting will
be held at the Y. M. C. A. building.
F. C. Harder, of Plainfield, N. J., will
be the moderator and the meeting for
men will open with a song service,
led by C. C. Campbell. Prayer by
J. H. Tippett will be followed by
a song by a male quartet, after which
S. J. Lea, of Elgin, will conduct a
Bible reading. This will be follow-
ed by a twenty minute testimony
meeting in which visiting Gideons
will participate and the meeting will
close with an address by Charles H.
Palmer, of Chicago.

Young People's Meeting
At 5:30 in the Presbyterian church,
a union service of the Christian En-
davor societies and Epworth Leagues
of the city will be conducted by

the Gideons. A. C. Melanz, of Mil-
waukee, will be the leader and C. C.
Campbell will conduct the song ser-
vice.

Union Service
The great meeting of the series
will be the closing one on tomorrow
evening. Congregations of the five
churches which are co-operating with
the Gideons will join in a union ser-
vice at the Congregational church and
this service will be conducted entire-
ly by the Gideons, Frank A. Garlick,
of Chicago, the national president, be-
ing the moderator.

Attractive Program
The program for the service is es-
pecially interesting. Singing by the
congregation will be followed by
prayer by Rev. R. M. Vaughn, after
which there will be an anthem by
the chorus choir of the Congrega-
tional church. A. H. Haines will read
the Scripture lesson, the congrega-
tion will sing "All Hail the Power of
Jesus' Name" and Rev. J. T. Hender-
son will speak the welcoming words.

Closing Numbers
Another anthem by the chorus choir
will be followed by the minute talks
by L. Williams, Charles S. Tate and
Charles H. Palmer, all of Chicago.
The meeting will close with the Gide-
on circle, the singing of "Blest be
the Tie That Binds" and the benedi-
ction by Rev. C. Denison.

SIX NUMBERS IN SEVEN MONTHS

YOUNG MEN'S CHRISTIAN ASSO-
CIATION PLANS COURSE.

WILL OPEN ON OCTOBER 21

Several Old Favorites to Return This
Year—Excellent Series Has
Been Promised.

In less than two weeks the Schu-
mann Lady Quartet of Chicago will
come to this city under the auspices
of the Young Men's Christian associa-
tion of this city. This will be the
opening number of the annual associa-
tion entertainment and lecture
course, which will consist of six at-
tractions of unusual interest, all of
which will be presented in the audi-
torium of the building owned by the
young men's organization.

As has been usual in years past no
efforts will be made to make a mon-
ey-making scheme out of the course.
In fact the venture has more often
been a failure from a financial stand-
point. The object is rather to pre-
sent to the public a number of high
grade entertainments, at as low a
price as is consistent with the qual-
ity of the attractions secured.

Many Attractive Numbers
This year, those who have the
course in charge feel confident that
they have booked a number of un-
usual high grade lectures, entertain-
ers, and concert companies, and all
that the task of the public is a cer-
tain amount of appreciation be shown
of the efforts which have been made.
The committee feel that this year
they have succeeded to a high degree
in getting the numbers which should
prove popular, and they hope to re-
ceive the support which they feel con-
fident is merited.

First in the series is the Schumann
Lady Quartette, a Chicago organiza-
tion, which has been before the pub-
lic for the past ten years, and has al-
ways met with great favor. With
ways met with great favor. With
the quartette is Miss Elma B. Smith,
a reader who will be remembered by
many Janesville people, as one of
the most accomplished elocutionists
who has appeared in this city. The
date of this number is October 21.

Len H. Salisbury and his orches-
tra are scheduled to appear on Tues-
day evening, November 18. These
talented musicians are now making
their eighth annual tour of the coun-
try, and have elicited a mass of for-
orable comment wherever they have
played. The orchestra numbers
eleven artists in its ensemble, and
support in their concert programme,
Miss Abby Rose Wood, the sweet-
voiced soprano, whose fine stage
presence and sympathetic voice have
won her such enthusiastic recogni-
tion.

Little of Everything
Next in the course is presented
Ralph Bingham, a versatile perform-
er, who appears as a violinist, vocal
soloist, story teller, and humorist. He
also, is an old Janesville favorite,
and needs no further comment. The
date of his entertainment is January
21.

Another quartette has been engage-
d as one of the association attrac-
tions. The Schiller Male quartette will
attempt to please the patrons of the
series, on February 21, and if the or-
ganization approaches in merit, its
past successes, there can be no doubt
of its ability to more than please.
Miss Marion Wallace acts as accom-
panist and reader with these gentle-
men.

Lou J. Beauchamp
Probably no number on the course
will give more downright pleasure,
and furnish more side-splitting amuse-
ment, tempered by a vein of the
soundest philosophy, than the lecture
of Lou J. Beauchamp on March 9.
Mr. Beauchamp's chain-lightning
style of delivery, combining oratory,
wit and wisdom is well-known, and
whichever one of his five lectures
he may choose to give is assured of
an enthusiastic reception.

It has not yet been determined
whether the last number of the ser-
ies will be given on April sixth or
seventh, but the company has been
engaged. Ferguson's "Dixie Jubilee"
concert company will appear on one
of those dates. The organization
is made up of seven colored singers
who will give a characteristic pro-
gramme of jubilee and plantation
songs of the Southland.

WITH THE ATHLETES

On account of the failure of sev-
eral members of the Beloit high school
team to come up to the required class
grade, the game scheduled against
that institution was not played to-
day.

ficient entries are received.

BOWLING CONTEST WON BY STANDARDS

All Stars Defeated in the Third and
Decisive Game of the
Series.

In a closely contested game played
at Hockett's bowling alleys last even-
ing, the Standards defeated the All
Stars, thereby winning two games out
of the series of three played by the
two teams. Last evening each team
rolled the customary three games and
although the All Stars were victori-
ous in two of them, when the total
scores came to be figured up it was
found that the Standards were the
victors by a margin of 22 pins. The
individual scores of both teams fol-

JUST LIVE THE LIFE

"Just live thy life. Be not in fear.
The strength of wrong shall disappear,
And right is ever drawing near.
Just live thy life."

Just live thy life. Seem what thou art;
Nor from simplicity depart;
And peace shall come upon thy heart.
Just live thy life."

When James Lennox Stockton placed this sentiment on paper, he was inspired by a desire to help humanity. He had discovered that the world is full of shame and deceit, and with the discovery had come the knowledge of the fact that contentment and happiness are frequently sacrificed to the goddess of deception.

It is easy to deceive a neighbor, and no less difficult to deceive a friend. While it is possible to live a life so full of deception, that self-deceit results. This is the exception, however, and the class is extremely limited who succeed for any length of time in deceiving themselves.

The gift on personality, with which every soul in normal condition is endowed, is a wonderful gift, and the man or woman who barter it away, or who sells it for a mess of pottage, sacrifices a heritage that may result in irreparable loss, and yet these sacrifices are of daily occurrence, and the wreckage resulting is noticed on every hand.

Divorce courts record, with monotonous regularity the story of misplaced confidence and disappointed anticipation. The girl who was the dearest girl on earth, back in the days of courtship, becomes the companion whose presence is unendurable in the idol of life's young dream is transformed into a demon on close acquaintance, and all because the two young people were playing a part and when they awoke from the double deception and the mask was removed, the disappointment was too great for human endurance.

Happy the home where the lives which founded it were an open book, and where no effort was made to deceive. There will be more of these homes when the girls realize that life beyond the honeymoon is not all courtship, and when young men recognize the fact that manhood always passes for face value, in the home.

The home is not the only place where shams exist, and where the effort to live a double life is detected. That complex organization known as society is honeycombed in deceit, and many men and women are ruined in a vain effort to keep up appearances.

New York is not the only city that supports its "Four Hundred" with its train of camp followers, who are straining to keep pace with the rapid procession. Every inland city and every town of any magnitude has a coterie of shallow brained people, whose ambition is exhausted in an effort to pass at a premium.

The young man on a ten dollar salary, dons a claw hammer suit, and hires a hack to take his best girl to a party. She meets him all smiles, and robed in a gown, furnished at the expense of an income that was sadly needed for coal and necessities. They cut a wide swath on a very small investment of either money or brains, but the demands of society are met. A few years later when the last year's baby car is resuscitated in dilapidated condition, and forced into service for the new arrival in the family, society manages to get along without them, and they wake up to the fact that the income does not keep pace with the increase and demands of the family.

The double life is an incentive to dishonesty, and in attempting to lead it many young men are ruined every year. The business world is a very matter of fact world, and young men are measured by a standard that is extremely critical and destitute of charity or forbearance. The counting room and the counter demand more than honesty, ambition

and good intentions. The eye of business is constantly on the lookout for young men who combine with honesty and energy, a disposition to save without being niggardly and to economize at the expense of appearances. This eye, that is ever alert, has long since discovered that the man who lives up to his income, and whose ambition prompts him to train with society that is beyond his means is not a safe man to trust in places of responsibility. He may be honest today, but under the strain of demand he will go down if opportunity is presented, and so he is passed.

There are thousands of men in middle life, and beyond, who have never discovered and embraced an opportunity, because they were not content to live their own life back in the years of young manhood.

There is another and smaller class who are either fugitives from justice, or who are paying the penalty behind the bars, because they could not resist the demands of temptation that society forced upon them. It pays in every way to live your own life however humble it may be.

Life presented to Mr. Stockton a broader significance than simply avoiding shams. He believed in the old injunction, "No man liveth to himself," and he appreciated the fact that while life is supremely selfish, that humanity is inspired by many good impulses.

He was not a pessimist, and when he said,

"The strength of wrong shall disappear,
And light is ever drawing near,"
He expressed not only confidence in humanity, but his vision painted a picture of conditions that would exist when the importance of life was more fully appreciated.

There are some people who delight in trying to make themselves and others believe, that the world is moving backward. It is much easier for them to see the bad, than to detect the good. To their distorted vision every man is dishonest, and every woman a deceiver. They forget the fact that a great majority of people are not criminals and that moral law is more generally observed, than at any period in history.

While this is true it is also true that a bond of common brotherhood knits humanity more closely today than ever before. The spirit of the Master while not always recognized, has a firmer grasp upon the heart and conscience, and unless the good is suppressed life contributes to life spontaneously in liberal degree.

There are more candles burning out in the open today, than there were nineteen centuries ago, when it was necessary to remind the people, that a man was foolish who placed his light under a bushel.

The light of Christian civilization has transformed conditions and the man who is inspired with no higher motive than simply to live his life, will find that his vision takes in humanity with some degree of solicitude.

When the life is touched with a divine spark, and the touch is recognized, the first thought centers on service and good impulses control action. Sham and deception are forgotten and humanity is helped by humanity.

"Just live thy life. Seem what thou art;
Nor from simplicity depart;
And peace shall come upon thy heart.
Just live thy life."

A TIDE OF INDIGNATION

Whatever of justice there may be in the arguments produced by the half dozen railroads that control the fuel contained in the anthracite coal fields, the defense offered is lost in the tide of indignation which has swept over the country like a tidal wave.

The people have been very patient, but the time has come when patience appears to be no longer a virtue and it is safe to say that the action of the 300 delegates at Detroit, will be generally endorsed by public sentiment. These delegates gathered from a large number of cities demanded by unanimous action that the government confiscate the property of railroads involved, take possession of both roads and mines, and operate them for the benefit of the public. An appeal has been made to the president requesting him to proceed without delay, adopting whatever legal measures may be necessary.

These conditions are so novel and the demand so unusual that the whole procedure takes on an air of revolution that may be far-reaching in results. It is more than probable that a peaceable settlement will be effected, before extreme measures are adopted.

The questions at issue are vital to the welfare of the nation. Foundation principles of the republic are involved. If as a nation we have reached a period where we are no longer capable of self government, and the iron hand of monarchical despotism is necessary to govern, then have we taken a step backward.

When organized labor, through its representative, Mr. Mitchell offered to meet the situation half way, through a board of arbitration composed of President Roosevelt and members whom he might select, the nation was disarmed of suspicion so far as labor was concerned. When the offer was refused by the handful of men who control the situation, intense prejudice was aroused, and nothing can dissolve it, but a spirit of conciliation and fairness, on the part of this element.

The strike will be settled without

the aid of the courts, but the nation should take the lesson to heart and profit by it. The will of the people is supreme, and both capital and labor will be governed by it.

The governor was unfortunate in selecting his date for a Janesville meeting. The county committee had expressed a desire to General Bryant to have the campaign opened by Senator Spooner, but the will of the governor is of course supreme. He will have a good meeting and it will doubtless accomplish as much in the way of harmony as he desires.

J. Pierpont Morgan is the most clearly maligned man in the country. When the average citizen has exhausted his energy of kicking he always has one left for Morgan. The exercise furnishes a great deal of satisfaction, without injury to Morgan, and so it amounts to a pleasant pastime.

State game wardens are bubbling over with energy. They became so accustomed to hard work during the summer, that the habit clings to them. Some enterprising agitator should organize them into a union, and put them on an eight hour basis.

The Kenosha man who spent \$600 in Chicago in four hours, was a little swift for even the Windy City.

Walter Wolman concludes that national state and New York politics are involved in the coal strike.

Young people who are contemplating matrimony, had better warm their shins at the family hearth for another winter.

There will be more cool feet than cool heads if the coal strike continues.

PRESS COMMENT.

Marquette Eagle: The photographs of all candidates will have to be printed in the ballot hereafter. Otherwise how can the ladies tell how to vote?

Des Moines Register and Leader: In a Wisconsin school a group of coeds tied freshmen girls with ropes and exhibited them. Who will say young women are not fitted for the higher education?

Chicago Inter-Ocean: The late millionaire Stratton would not have found so much pleasure in making his fortune if he had only known a few things that were going to happen to it when he was gone.

St. Louis Globe-Democrat: Editors who enjoy making digs at the pension system ought to be the first ones recruited in the next war. The government can never pay as much as it is really worth to be shot at.

Minneapolis Journal: If the anthracite mine operators are not able to produce coal with ample military protection, the people will scarcely forgive them for making such a strong bluff.

St. Paul Pioneer Press: That fanatical sect, the Boers, is being held by a woman. The Chinese viceroys and the foreign devils might as well give up. She is bound to have the last word.

Beloit Free Press: A sober second thought is likely to force the conviction that some ills are more easily borne than others. For instance, a primary election law cannot possibly be so hard to endure as a democratic United States senator.

La Crosse Republican and Leader: The cry of the people now, is: "The daily statements of Mitchell and the mine operators do not fill the coal bins. The people want anthracite, not arguments."

Kansas City Journal: Those Detroit girls who have resolved not to marry anyone who does not belong to the union will probably accept an amendment in favor of good looking young men who are trying to form a union.

Milwaukee Sentinel: At a recent political meeting in Porto Rico three men were killed and several wounded. Politics are politics in our new possessions.

Madison Democrat: Reports come that the killing of deer out of season is going on at a fearful rate up in the woods. It is right shabby of the poachers to take a mean advantage of the over-worked wardens when there are so many caucuses to look after.

Cleveland Plain Dealer: A Missouri judge has decided that if a man whips his wife it will cost him \$1 to square the court. It should be added that Missouri men rarely succeed in whipping their wives, and when they do they pay pretty dearly for the pastime.

Philadelphia Press: There does not appear to be much of anything in this country satisfactory to our democratic friends, yet they manage to live here and prosper like the rest of us and will continue to do so as long as their party is kept out of power.

St. Paul Globe: With the entire military force under arms at the mouths of the Pennsylvania mines, the life is likely soon to be given to the contention of the operators that men have been prevented from returning to work for lack of necessary protection.

Chicago News: Ladies do not take much interest in the frenzied appeals addressed by the newspapers to the voters for the purpose of getting them to register. However, having had experience in getting men to mail letters, the ladies know that it is necessary to keep prodding up the alleged lords of creation.

ODD FELLOWS TO VISIT BARABOO

GRAND ENCAMPMENT WILL BE HELD NEXT WEEK.

LOCAL MEN HIGH IN THE ORDER

Janesville Canton No. 9 Patriarchs Militant Has Entered Drill Team in Competition.

Next Tuesday morning at 6 o'clock, a delegation of about thirty Odd Fellows, several of them accompanied by their wives, will leave this city for Baraboo, to attend the annual meeting of the Grand Encampment of the Independent Order of Odd Fellows and the department council of the Patriarchs Militant which is to be held in connection with the encampment sessions.

Local Men Are Officers
Janesville Odd Fellows hold prominent positions in both state organizations of the order. J. F. Hutchinson is grand chief patriarch of the encampment and will preside during the sessions and James A. Fathers is the grand treasurer. Charles W. Schwartz is vice president of the council of administration of the Patriarchs Militant. Leslie Holmes and F. J. Clifton will attend the grand encampment as delegates from Rock River encampment No. 3, I. O. O. F., of this city.

Competitive Drill
There is an unusual local interest in the coming meeting at Baraboo owing to the fact that Janesville Canton No. 9 Patriarchs Militant is to send a drill team to take part in the competitive drill by the different Cantons of Patriarchs Militant throughout the state. This is the unformed rank of the Odd Fellows order and military drill which is a part of their work is a very attractive one. When executed by a well drilled team, wearing the rich, effective uniforms of the Patriarchs Militant, the different evolutions make a pleasing spectacle and the competitive drill is expected to be one of the chief attractions of the meeting.

Local Drill Team
Janesville Canton No. 9 has been drilled all summer with the idea of participating in the competition but formal entry was not made until recently. The drill team representing the Janesville Canton is under the command of the following officers: Fred H. Koebelin, captain; Harry P. Robinson, lieutenant; James A. Fathers, ensign.

The team also contains twenty-one cheerleaders. They are David Brown, George Rathjen, W. H. Blair, C. W. Schwartz, Fred L. Smith, William Parish, W. B. Stoddard, A. M. Carlier, B. F. Blanchard, Leslie Holmes, R. G. Merrill, Otto E. Smith, W. E. Winkler, George H. Webster, William Spicer, J. F. Hutchinson, A. C. Jenkins, John George, Walter S. Rice, L. V. Paul and J. P. Wright.

Some Leave Monday
Some of the Odd Fellows will go to Baraboo Monday to attend the reception to be given by the Baraboo lodge on Monday evening but the majority of the drill team will go Tuesday morning. The meeting of the council of administration of the Patriarchs Militant will be held at 10 o'clock Tuesday morning and the competitive drill will follow at 11 o'clock.

Serve as Escort
The Patriarchs Militant will also serve as escort to attend the grand encampment from the Hotel Warren to A. O. U. W. hall, where the sessions will be held beginning at 2 o'clock Tuesday afternoon. In uniform the Patriarchs Militant will also lead the grand march at the ball given Tuesday evening.

Reception and Ball
On Tuesday afternoon Mabel Rebeckah Lodge No. 70, of Baraboo, will give a reception for the visiting sisters of the order. Among the ladies who will be present from this city are Mesdames W. B. Stoddard, R. G. Merrill, George Webster and W. E. Winkler. Another Janesville visitor to Baraboo will be Frank Blair, who will accompany his father.

Preceding the ball on Tuesday evening there will be a program of exercises with addresses by various officers of the order. J. F. Hutchinson, as grand patriarch, will respond to the address of welcome and music will be furnished by Smith's orchestra of this city. Dancing will begin at 9 o'clock and supper will be served at the Hotel Warren.

Closing Sessions
The closing session of the Patriarchs Militant will be held Wednesday morning and the last session of the grand encampment will be Wednesday afternoon when the degree of chivalry will be conferred. The Janesville delegation will return home Wednesday evening.

COSTLY COACH ARRIVES HERE

Purchased By The Well-Known Liv-
ery Firm of D. Ryan & Son

What is undoubtedly the finest and most costly coach or hack that ever wheeled the streets of Janesville, is now quartered in the South Main street livery stable of D. Ryan & Son. This vehicle cost a small fortune and was manufactured by Cunningham & Son, of Rochester, N. Y. It is gorgeously furnished throughout and is upholstered in Morocco. The sides and ceiling within are in a light brown satin. Handsome mirrors are within, as well as an electric call bell that reaches the driver. Heavy rubber tires cover the wheels, while a high piano polish offsets the whole coach. This handsome carriage is well worthy of inspection and may be seen at the D. Ryan & Son stable.

Make Liberal Proposition

For the month of October F. C. Cook & Co. have put on a novel plan in the giving of one black diamond with every \$5 purchase. The idea can be better and more easily explained by a look in the firm's show window.

E. H. RYAN CHOSEN BY THE DEMOCRATS

Nominated for the Assembly in the Second Assembly District Convention Last Evening.

By the action of the Second Assembly District Democratic convention, held in the new city hall building last evening, Edward H. Ryan, of this city, will have the pleasure of seeing his name on the democratic ticket as nominee for assemblyman. The nomination was made by acclamation.

Peter J. Mount, chairman of the Democratic county committee, was elected chairman of the convention and E. H. Ryan was chosen to serve as secretary. Mr. Ryan's name was proposed by Otto E. Oestrich in a brief and well-chosen speech and the nomination was seconded by J. F. Connors. There were no other nominations.

After the ballot of the convention had been cast for Mr. Ryan, P. J. Mount presented some lengthy resolutions which were adopted unanimously.

The Resolutions
The resolutions endorse the state platform; commend President Roosevelt for his efforts to bring about a settlement of the anthracite coal strike; denounce the insolent position of the coal operators, petition the governor of Pennsylvania and the President to exercise the power of eminent domain and cause the coal mines to be operated for the public good; demand that public service corporations be compelled to pay taxes on the same basis of valuation as other property; express belief in labor organizations and favor compulsory arbitration of labor disputes.

Assembly Committee
E. H. Ryan, James Lillburn and Ernest Clemons were appointed by Chairman Mount to serve as the Assembly committee.

A Grand Exhibit
Conover & Smith's famous glass blowers will open a week's engagement on next Monday night at 62 W. Milwaukee street, Corn Exchange block.

They present the finest exhibition of glass working ever seen in Janesville and many novelties are displayed by them chief among them being a glass steam engine in full operation. The admission is but ten cents and every visitor gets a souvenir.

GOVERNOR COMES ON MONDAY

WILL SPEAK AT OPERA HOUSE IN THE EVENING.

AT STOUGETON IN AFTERNOON

Is To Be Entertained While in the City by Mayor Victor P. Richardson.

On Monday afternoon at 5:05 Governor and Mrs. LaFollette and Chief Executive Clerk Rogers and the corte of reporters who are following the governor about the state, will arrive in Janesville from Stoughton. The governor will be met at the depot by a committee of citizens headed by Mayor Victor P. Richardson and the Governor and Mrs. LaFollette will be escorted to the home of Mayor Richardson whose guests they will be while in the city.

Speaks At 8 P. M.
At promptly eight o'clock the Governor will speak at the Myers Grand opera house and the Imperial band will play preludes and numerous concert pieces before the real issues of the campaign are taken up. It is probable that the Governor will remain in the city over night as he is to speak in Watertown on the next day. On Monday afternoon he addresses the republicans of Stoughton at two thirty, coming from that town here.

Plans Thus Far Made
These are the plans thus far made. The list of persons who are to be invited to sit upon the stage has not yet been named nor has the reception committee been chosen that will meet Wisconsin's governor at the depot. These will all be left until a later date.

Many Will Be In The City
Mr. John Fisher, who is one of the closest men in Janesville to LaFollette, says that from present indications there will be large delegations from Evansville, Edgerton and Beloit present for the speech. He also counts on many farmers from the surrounding country being in and thinks that the opera house will be filled to overflowing when the governor makes his bow to the audience.

A Peace Offering
It is the endeavor of the LaFollette supporters in Janesville to make the meeting purely non-factional and simply one at which the respect due to the governor of the state is to be shown regardless of party factional lines. It is understood that the matter of the presiding officer, has been left to a committee of three who will try and choose a man who represents the other wing of the party to that of the governor.

BAPTISTS MET IN BIG CONVENTION

Several from This City Attended State Meeting Held This Week in Milwaukee.

Rev. and Mrs. R. M. Vaughn, Mrs. B. P. Dunwiddie, Mrs. O. D. M. Wright, J. T. Fitchett and Ralph Grove have returned from Milwaukee where they have been attending the state convention of the Baptist church during the week. The sessions of the convention were all interesting and helpful and Baptists of the state are especially pleased because the debt of \$2,500 with which the state association was reported as burdened at the beginning of the convention has been decreased to less than \$300. Of the sum raised John D. Rockefeller subscribed \$1,000 and the balance was raised by the members of the board.

Janesville Speakers
In connection with the state association meeting, sessions of the State Ministerial Association were held on Monday and Tuesday, at which Rev. Richard M. Vaughn, of this city, as president of the association, presided. Rev. Vaughn also delivered an address on "The Drift of the Times," before the church convention on Wednesday and Mrs. B. F. Dunwiddie spoke in the interest of missions on the topic "Our Women" on Thursday. J. T. Fitchett was elected treasurer of the State Baptist Young People's Union.

LIVELY RUNAWAY AT A FUNERAL

TEAM OF THE PALLBEARERS CARRIAGE WERE FRIGHTENED.

ONE HORSE BREAKS ITS NECK

Narrow Escape for Four Small Boys Who Were Inside the Rig.

As the carriages were returning from the cemetery after the funeral of George Heston this morning, the horses on a hack belonging to D. Ryan & Son, took fright and bolted. Some men were working at the trolley wire on Mole avenue, and the sound frightened the team, and after running for about a block and a half one of the horses collided with a telegraph pole, breaking the animal's neck and effectively stopping the run away.

Contained Pall Bearers
Four boys, who had acted as pall bearers, were seated in the closed carriage. If it had been possible for them to jump, the results might have been disastrous but as it was they were obliged to keep their places until the hack came to a standstill. When the horses encountered the pole near Ashland avenue, the boys climbed out, absolutely unharmed, but well frightened after their wild trip down the street.

Repairing Trolley Wire
Frank Ryan was driving the team, which had reached a point opposite a street car standing on the track. Two men were on top of the car and were working on the trolley wire. Just as the horses passed the car they heard a sudden sound above their heads, "enough to scare any team," said one of the local hackmen, and immediately plunged forward.

Broke Horse's Neck
The impact with the pole belonging to one of the electric companies, broke the neck of one of the horses, causing instant death. The owner valued the horse as worth about one hundred dollars. The other horse was unharmed, and no damage was done to the carriage.

What Mr. Ryan Says
In speaking of the matter Mr. Ryan said that he was extremely sorry that any accident had occurred, but that so long as no one was harmed, he did not care for the value of the horse.

The boys who were in the carriage were Thomas Hafren, George Williams, Edward Courtney and Walter Daly.

ODELL REBUKES PRESIDENT BAER

STILL SHIES AT THE UNION

Statement That Operators Will Not
Treat With Organized Labor Brings
Sharp Reply From the Executive—
Praises Stand Taken by Mitchell.

"New York, Oct. 11.—"What do you mean by politicians? I want you and all the other operators to understand that I am the governor of New York, the chosen representative of 7,000,000 people, and that I am here in this matter solely in that capacity and to relieve if possible an intolerable situation. And what is more, I intend to use every power at my command to do it."

Governor Odell made this statement to President Baer of the Reading road in the presence of United States Senator Platt of New York and Quay and Penrose of Pennsylvania. It was the culmination of a rather heated interview in the office of Senator Platt, and the result of the first meeting between Governor Odell and President Baer.

Refuses to Recognize Union.
Mr. Baer was not in the best of humor when, accompanied by E. B. Thomas, chairman of the board of directors of the Erie railroad, he entered Senator Platt's office. The conference was begun with a statement made by Senator Penrose that the situation was becoming so serious that some solution must be found at once. He suggested that the operators should incline to some concessions toward a settlement.

"If you mean by that," said President Baer, "that we are to recognize the existence of a labor union, I tell you right now that the operators will consider no such proposition."

Stirs the Governor.
Governor Odell was on his feet in an instant. Holding a half-burnt cigar in his hand and white with excitement, he said:

"Are we to understand that no kind of a conciliatory proposition will receive consideration at the hands of the operators?"

"I did not say that," answered Mr. Baer, "but I do say, and I reiterate it, that we will not accept political advice or allow the interference of politicians in this, our affair."

Then it was that Governor Odell made the statement quoted heretofore.

President Baer, evidently appreciating that he had gone too far, bowed to Gov. Odell and said:

"Governor, I beg your pardon. No personal affront was intended, and we will listen to any suggestions you have to make. But again I repeat that we must refuse to recognize the union as represented by Mr. Mitchell."

Odell's Proposal.
"I believe," said the governor, "that your position from a public view is absolutely untenable. If coal operators, railroad men and other business men can combine for mutual profit and protection, there is no reason why laboring men should not."

"What is the proposition?" said Mr. Baer, coldly.

"Just this," said Gov. Odell. "I am sure that the labor organization of which Mr. Mitchell is head desires him to be fair with the general public. If the operators will consent to give the men 5 cents a ton increase I will personally present it to the miners, and I believe they will accept it. It's a fair proposition."

"Does this mean, Governor Odell, that we are to recognize the miners' union?" Mr. Baer asked.

"It certainly does," answered Gov. Odell quickly, "and there is no reason why you should not."

Operators Are Unfair.

Mr. Baer and Mr. Thomas rose to go, Mr. Thomas remarking that the matter would be presented to the other operators, and that an early answer would be forthcoming. Mr. Baer said: "We are to meet a committee of the Manufacturers' association on Tuesday, and we may have an answer then."

The governor said: "The coal operators may postpone this matter till Tuesday, but I don't propose to postpone it. They are not acting fairly toward the people. I believe I shall find some remedy."

John Mitchell, accompanied by L. N. Hammerling of Wilkesbarre, called on the governor and had a long conference. While this was going on a dispatch announcing that the operators refused to consider the terms offered by the governor was received.

Praise for Mitchell.
When the conference was over Governor Odell refused to say what had occurred, and Mr. Mitchell was equally reticent. It is believed, however, that Governor Odell presented his proposition for settlement to the leader of the miners' union, and that Mr. Mitchell said he would present it to the district presidents in the hope it would be accepted.

Governor Odell said: "Mr. Mitchell was eminently fair and showed every disposition to adjust the serious situation."

Thirteen Die on Transport.
San Francisco, Cal., Oct. 11.—During the trip of the transport Sherman from Manila to this port thirteen deaths occurred.

What Osteopathy Has Done.

Mr. N. came complaining of terrible spells of dizziness and vomiting. He had been the rounds of physicians, and a nerve specialist pronounced the case one of "minor epilepsy." He was unable to work more than half of the time. When

told that the cause of the trouble was a "crooked neck," he said at once, "You are right, for I can bring on a dizzy spell by twisting my head around." He took about twenty-five treatments and has had no trouble since last June.

Mr. McG. came into my office suffering with a severe case of cervical neuritis. He had been blistered and doped unsuccessfully, but after four treatments was completely relieved and has had no return in fifteen months. (What did you find causing it, and did you remove it?)

Mrs. P. had suffered for several months with "lame back," called by some M. D.'s "lumbago." It required only a few treatments to correct a very apparent twist in the tenth dorsal, and there has been no return of the trouble.

Mrs. McDonald is the supreme deputy of the Maccabees of the World, and one of the most widely known women in the United States. Thousands of women gather to hear her lecture everywhere she goes. The great work she has done for the Maccabees is appreciated by every member of the order. She was so absorbed in her work that she neglected to give her health proper care—failed to take warning that the symptoms of approaching kidney trouble gave her, the shallow complexion and torpid liver. But Wine of Cardui cured her the same as it has cured thousands of others and Mrs. McDonald has written this letter in order that other suffering women may secure from Wine of Cardui the same relief she got from it.

Mrs. Ida McDonald.

that I must do something to regain my health. A friend advocated your Wine of Cardui treatment so strongly that I decided to try it, although I had little faith in patent medicines. I am now very thankful that I did so, for within ten days blessed relief came to me, and in less than three months I was cured, and have enjoyed fine health ever since. I know there is nothing better for a sick woman who wishes to enjoy perfect health and am very pleased to give my hearty endorsement."

No suffering woman can afford to ignore such a letter as Mrs. McDonald writes. Her plans and advice have proved valuable in building up one of the greatest women's organizations in the United States and she takes time to give advice which she knows will help you.

ORGANIZE TEAMS FOR POLO SEASON

Fred Blakely is Captain of League Team—Unique Club Members Will Play.

Polo is to be one of the popular athletic sports of the coming winter and the two teams have already organized in the city. The team which has been organized by Charles Schaffer, manager of the skating rink, will belong to the inter-state polo league which has its headquarters at Racine. This league includes teams in Wisconsin, Illinois and Indiana and the schedule of the games will be completed as soon as the teams are organized.

Blakely is Captain
Fred Blakely will be the captain of the Janesville team and will play first rush. The other players and their team positions are George, second rush; Schaeffer, center; Behrendt, half back and Murray and Jones, goal. The members of the team are all good players and the team is expected to make a good showing in the league. It is probable that an expert coach from Racine may be secured for a short time to instruct the team in the trick plays.

Unique Club Team
The other local team has been organized by the Unique club from its membership. This team has already arranged for some out of town game in addition to the ones which will be played with the rink team. The polo season will open about the first of next month.

TO RESUME WORK AT BARB WIRE PLANT

Factory Has Been Idle for Several Weeks Owing to Large Stock on Hand.

On Monday morning after a vacation of several weeks the Harris Barb Wire Works will resume operations. Enough of the stock on hand, which had become so great that it was thought advisable to suspend operations for a time, has been sold to warrant taking up work again the first of the week.

Trade Slow Everywhere

Throughout the country, for some apparently inexplicable reason, the barb wire trade has been very slow for some months past. Dullness in the market has not been confined to the barb wire works in this city, but has affected the largest firms in the country. When the sale of the fencing became so slow that the stock on hand the local company closed the shops.

Market More Lively

After a short lay off the demand for the wire has picked up sufficiently to make it necessary to open up again and a full force of men will be taken on, and the output of the factory will be up to that of the past.

Mrs. Rozilla Rider

Funeral services for the late Mrs. Rozilla Rider were held from the First M. E. church this morning at 10:30 o'clock and were largely attended. Beautiful flowers in profusion concealed the casket and were banked on the altar, these tributes of affection being unusually numerous and beautiful.

The impressive funeral sermon was preached by the Rev. James Churm, of Evansville, the former pastor of the deceased woman, and Rev. Warner, pastor of the First M. E. church, assisted in the services. Appropriate songs were sweetly sung by a quartet consisting of Mrs. Archie Crawford, Mrs. Will Taylor, J. C. Kline and Archie Crawford.

The interment was in Oak Hill cemetery, the pall-bearers being: Samuel Wright, Walter Clark, Edwin D. Lewis, W. B. Campbell, Arnold Caniff and John Horn. Among the mourners from out of the city present at the funeral were Rose and Mae Rider, of Minneapolis, daughters of the deceased woman, Alburn Rider, of St. Paul, a son who traveled from Montana to reach here; Mrs. Will Bennett and daughter Ruth of Chicago; Mrs. George Hall and daughter Carrie of Rockford; Mrs. Carlissa Clark of Delavan, and Mr. and Mrs. L. L. Tracy, of Chicago.

George Hessian

The funeral of little George Hessian was held from St. Patrick's church this morning at 9:30, Rev. James McGinnity acting as the officiating clergyman. The remains were taken to Mount Olivet cemetery for interment. The pall-bearers were George Williams, Walter Daly, Thomas Hafner and Edward Courtney.

ARE PLAYING AT ATHLETIC PARK

Janesville and Evansville High School Elevens Meet on Gridiron—Janesville's Second Game.

This afternoon the Janesville and Evansville high school foot ball teams met at Athletic park to measure their strength. This is the second game of the season for the local players and the first on the home grounds. This date had been originally filled with the Line City high school boys, but last evening word was received that the class standing of members of the eleven would prevent them from playing today.

Evansville Comes

Earlier in the week Evansville had written for a game on this date, and they were telephoned last night and agreed to come to the city today. The Evansville boys have played two games this season, one with Broadhead 0 to 0, and one with Monroe, 11 to 6 in favor of Monroe.

A False Story

Members of the visiting team were loud in their assertions this morning of "dirty work" on the part of the local men in their game last Saturday with Whitewater. They seemed to have heard some "sore-headed" Whitewater sympathizer who had invented a story based on the fact that their team had made a touch down which was ruled out on a foul.

The Line-Up.

At three o'clock this afternoon the two elevens met with their teams lined up as follows:
